## Meal Solution - Pan fried Salmon

Incredibly tasty and packed full of healthy goodness, it is easy to see why salmon is one of the most popular choices for Irish consumers.

Salmon has a wide range of nutritional benefits including being rich in omega-3 fatty acids as well as being high in protein. Salmon darnes are extremely versatile and can be cooked in multiple ways including by grill, oven and pan-fried. The fish also works with lots of flavour profiles from punchy Asian soy and ginger to simplistic lemon and garlic. Here is a simple recipe for our salmon darnes.

### RECIPE:

1. Season the fish generously with salt and pepper.
2. Put some butter and oil in a pan and heat until melted.
3. Add the darnes to the pan skin side down and cook until skin is crisp, normally 3 minutes or so.
4. Turnover and fry for a further 2 minutes squeezing in some fresh lemon juice.
5. Add salmon to the plate with your chosen accompaniments and spoon over some of the additional leftover juices from the pan – simple, healthy and delicious!
